

# Delhi Assembly Poll 2015 -- Perceptual Survey

This exercise illustrates the perception among the residents/frequent visitors to all the 70 constituencies of Delhi, which go to polls on 7 February 2015. The exercise doesn't undertake to suggest clear winners or losers but certainly suggests what the buzz on the seat is. And if we collate the buzz across the 70 constituencies, the findings are quite contrary to what the surveys by the television channels are suggesting. There are clear indications that pitched battle is being fought between the BJP and the Aam Aadmi Party (AAP) for every seat, wherein the Congress too has made pumped in all its energy to make the battle three-way in about 25 seats. This makes the situation very complex and it could be anybody's game in the next 48 hours. On the evening of 4 February 2015, the situation stood as under:
